QUALITY GRADED

Quality trees start from quality stock and that's the only kind Armintrout's ever ship. Misshapen, sub-standard stock is culled, only the best goes into your shipment.

QUALITY PACKED

For more than 27 years our packing methods have been winning friends. Carefully packed in the finest, moisture holding peat-moss, your order will come to you in special poly-coated crepe paper.

QUALITY GUARANTEED !

Armintrout's high-standards for quality and liveability have been translated into a written guarantee which is — quite literally — "crop insurance" for the grower of Christmas trees.

ARMINTROUT'S GUARANTEE

We guarantee that the specified percentage —

90% for Austrian, Scotch, Red and Jack Pine.

80% for Spruce, Fir and White Pine.

— of the trees you buy from us will live.

We ask only that you follow our handling and planting instructions.

You merely notify us (by Oct. 1 of the year following the date in which the trees were shipped and planted) and we will make immediate replacement of all trees — over the percentage specified above — which did not live.

We further guarantee that replacement will be made with STOCK OF EQUAL OR SUPERIOR VALUE!

Paul Armintrout
